SAFETY DATA SHEET

Hi-Tech Photon ND

• · · · · · · · ·	
Section 1. Identi	fication
GHS product identifier	: Hi-Tech Photon ND
Product code	: 138 EC
Other means of identification	: Not available.
Product type	: Liquid.
Relevant identified uses o	f the substance or mixture and uses advised against
Not applicable.	
Supplier's details	: Economical Janitorial & Paper Supplies, LLC 1420-F Sams Avenue Harahan, LA 70123 504-464-7166 www.economicaljanitorial.com
Emergency telephone number (with hours of operation)	: 800-735-6745 24 hour
Section 2. Hazar	ds identification
OSHA/HCS status	: While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.
	: Not classified.
substance or mixture	: Not classified.
substance or mixture	 Not classified. No signal word.
substance or mixture <u>GHS label elements</u>	
substance or mixture <u>GHS label elements</u> Signal word	No signal word.No known significant effects or critical hazards.
substance or mixture <u>GHS label elements</u> Signal word Hazard statements	No signal word.No known significant effects or critical hazards.
substance or mixture <u>GHS label elements</u> Signal word Hazard statements <u>Precautionary statement</u>	 No signal word. No known significant effects or critical hazards.
substance or mixture <u>GHS label elements</u> Signal word Hazard statements <u>Precautionary statement</u> Prevention	 No signal word. No known significant effects or critical hazards. S Not applicable.
substance or mixture <u>GHS label elements</u> Signal word Hazard statements <u>Precautionary statement</u> Prevention Response	 No signal word. No known significant effects or critical hazards. S Not applicable. Not applicable.
Hazard statements <u>Precautionary statement</u> Prevention Response Storage	 No signal word. No known significant effects or critical hazards. S Not applicable. Not applicable. Not applicable.

Section 3. Composition/information on ingredients

Substance/mixture Other means of identification

classified

: Mixture

: Not available.

Ingredient name	%	CAS number
Alcohols, C9-11, ethoxylated	≤3	68439-46-3

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Section 3. Composition/information on ingredients

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

	Description of	ⁱ necessary	<u>/ first aid</u>	measures
--	-----------------------	------------------------	--------------------	----------

Eye contact	 Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Get medical attention if irritation occurs.
Inhalation	: Remove victim to fresh air and keep at rest in a position comfortable for breathing. Get medical attention if symptoms occur.
Skin contact	 Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.
Ingestion	: Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Most important symptoms/effects, acute and delayed

Potential acute health	effects
Eye contact	: No known significant effects or critical hazards.
Inhalation	: No known significant effects or critical hazards.
Skin contact	: No known significant effects or critical hazards.
Ingestion	: No known significant effects or critical hazards.
Over-exposure signs/s	symptoms
Eye contact	: No specific data.
Inhalation	: No specific data.
Skin contact	: No specific data.
Ingestion	: No specific data.

Indication of immediate med	I attention and special treatment needed, if necessary	
Notes to physician	Treat symptomatically. Contact poison treatment specialist immediately quantities have been ingested or inhaled.	if large
Specific treatments	No specific treatment.	
Protection of first-aiders	No action shall be taken involving any personal risk or without suitable tra	aining.

See toxicological information (Section 11)

Section 5. Fire-fighting measures

Extinguishing media	
Suitable extinguishing media	: Use an extinguishing agent suitable for the surrounding fire.
Unsuitable extinguishing media	: None known.
Specific hazards arising from the chemical	: In a fire or if heated, a pressure increase will occur and the container may burst.
Hazardous thermal decomposition products	: No specific data.
Special protective actions for fire-fighters	 Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.
Special protective equipment for fire-fighters	: Fire-fighters should wear appropriate protective equipment and self-contained breathing apparatus (SCBA) with a full face-piece operated in positive pressure mode.
Date of issue/Date of revision	: 7/17/2017 Date of previous issue : No previous validation Version : 1 2/10

Section 6. Accidental release measures

Personal precautions, protect	uipment and emergency procedures	
For non-emergency personnel	action shall be taken involving any personal ris cuate surrounding areas. Keep unnecessary ring. Do not touch or walk through spilled ma ective equipment.	and unprotected personnel from
For emergency responders	ecialized clothing is required to deal with the stion 8 on suitable and unsuitable materials. Surgency personnel".	
Environmental precautions	d dispersal of spilled material and runoff and sewers. Inform the relevant authorities if the ution (sewers, waterways, soil or air).	
Methods and materials for co	ent and cleaning up	
Small spill	b leak if without risk. Move containers from sp ater-soluble. Alternatively, or if water-insoluble e in an appropriate waste disposal container. osal contractor.	e, absorb with an inert dry material and
Large spill	b leak if without risk. Move containers from sper courses, basements or confined areas. Wat or proceed as follows. Contain and collect sorbent material e.g. sand, earth, vermiculite or ainer for disposal according to local regulation used waste disposal contractor. Note: see Semation and Section 13 for waste disposal.	ash spillages into an effluent treatment pillage with non-combustible, diatomaceous earth and place in ns (see Section 13). Dispose of via a

Section 7. Handling and storage

Precautions for safe handling

Protective measures	Put on appropriate personal protective equipment (see Section 8).	
Advice on general occupational hygiene	Eating, drinking and smoking should be prohibited in areas where this material handled, stored and processed. Workers should wash hands and face before drinking and smoking. Remove contaminated clothing and protective equipme entering eating areas. See also Section 8 for additional information on hygiene measures.	eating, nt before
Conditions for safe storage, including any incompatibilities	Store in accordance with local regulations. Store in original container protected direct sunlight in a dry, cool and well-ventilated area, away from incompatible m (see Section 10) and food and drink. Keep container tightly closed and sealed ready for use. Containers that have been opened must be carefully resealed a upright to prevent leakage. Do not store in unlabeled containers. Use appropr containment to avoid environmental contamination. See Section 10 for incomp materials before handling or use.	naterials until nd kept iate

Section 8. Exposure controls/personal protection

Control parameters

Occupational exposure limits

Ingredient name	Exposure limits
Alcohols, C9-11, ethoxylated	None.

Appropriate engineering controls	:	Good general ventilation should be sufficient to control worker exposure to airborne contaminants.
Environmental exposure controls	:	Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation. In some cases, fume scrubbers, filters or engineering modifications to the process equipment will be necessary to reduce emissions to acceptable levels.

Section 9. Physical and chemical properties

Appearance		
Physical state	: L	_iquid.
Color	: Y	YellowishGreen. Clear.
Odor	: F	Floral.
Odor threshold	: N	Not available.
рН	: 6	6.5 to 8.5
Melting point	: N	Not available.
Boiling point	: N	Not available.
Flash point	: 0	Closed cup: Not applicable.
Evaporation rate	: N	Not available.
Flammability (solid, gas)	: N	Not available.
Lower and upper explosive (flammable) limits	: N	Not available.
Vapor pressure	: N	Not available.
Vapor density	: N	Not available.
Relative density	: 1	1.0033
Solubility	: E	Easily soluble in the following materials: cold water and hot water.
Solubility in water	: N	Not available.
Partition coefficient: n- octanol/water	: N	Not available.
Auto-ignition temperature	: N	Not available.
Decomposition temperature	: N	Not available.
Viscosity	: N	Not available.
Flow time (ISO 2431)	: N	Not available.

Section 10. Stability and reactivity

Reactivity	: No specific test data related to reactivity available for this product or its ingredients.
Chemical stability	: The product is stable.
Possibility of hazardous reactions	: Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to avoid	: No specific data.
Incompatible materials	: No specific data.
Hazardous decomposition products	: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

Section 11. Toxicological information

Information on toxicological effects

Acute toxicity

Product/ingredient name	Result	Species	Dose	Exposure
Alcohols, C9-11, ethoxylated	LD50 Dermal		2 g/kg	-
	LD50 Oral	Rat	1378 mg/kg	-

Irritation/Corrosion

Not available.

Sensitization

Not available.

Mutagenicity

Not available.

Carcinogenicity

Not available.

Reproductive toxicity

Not available.

Teratogenicity

Not available.

Specific target organ toxicity (single exposure)

Not available.

Specific target organ toxicity (repeated exposure)

Not available.

Aspiration hazard

Not available.

Information on the likely routes of exposure	:	Routes of entry anticipated: Oral, Dermal. Routes of entry not anticipated: Inhalation.
Potential acute health effects	2	
Eye contact	:	No known significant effects or critical hazards.
Inhalation	1	No known significant effects or critical hazards.
Skin contact	1	No known significant effects or critical hazards.
Ingestion	1	No known significant effects or critical hazards.

Date of issue/Date of revision : 7/1	17/2017 Date of previous	issue : No previous validation Version :	1
--------------------------------------	--------------------------	--	---

Section 11. Toxicological information

Symptoms related to the phy	sical, chemical and toxicological characteristics
Eye contact	: No specific data.
Inhalation	: No specific data.
Skin contact	: No specific data.
Ingestion	: No specific data.
Delayed and immediate effect	ts and also chronic effects from short and long term exposure
<u>Short term exposure</u>	
Potential immediate effects	: Not available.
Potential delayed effects	: Not available.
Long term exposure	
Potential immediate effects	: Not available.
Potential delayed effects	: Not available.
Potential chronic health eff	ects
Not available.	
General	: No known significant effects or critical hazards.
Carcinogenicity	: No known significant effects or critical hazards.
Mutagenicity	: No known significant effects or critical hazards.
Teratogenicity	: No known significant effects or critical hazards.
Developmental effects	: No known significant effects or critical hazards.
Fertility effects	: No known significant effects or critical hazards.

Numerical measures of toxicity

Acute toxicity estimates

Not available.

Section 12. Ecological information

Toxicity

Product/ingredient name	Result	Species	Exposure
Alcohols, C9-11, ethoxylated	Acute EC50 5.36 mg/l Fresh water	Crustaceans - Ceriodaphnia dubia - Neonate	48 hours
	Acute EC50 2686 µg/l Fresh water	Daphnia - Daphnia magna - Neonate	48 hours
	Acute LC50 8500 µg/l Fresh water	Fish - Pimephales promelas	96 hours

Persistence and degradability

Not available.

Bioaccumulative potential

Not available.

<u>Mobility in soil</u>

Soil/water partition coefficient (Koc)

: Not available.

Section 12. Ecological information

Other adverse effects

: No known significant effects or critical hazards.

Section 13. Disposal considerations

Disposal methods : The generation of waste should be avoided or minimized wherever possible. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Waste should not be disposed of untreated to the sewer unless fully compliant with the requirements of all authorities with jurisdiction. Waste packaging should be recycled. Incineration or landfill should only be considered when recycling is not feasible. This material and its container must be disposed of in a safe way. Empty containers or liners may retain some product residues. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers.

Section 14. Transport information

	DOT Classification	TDG Classification	Mexico Classification	ADR/RID	IMDG	ΙΑΤΑ
UN number	Not regulated.	Not regulated.	Not regulated.	Not regulated.	Not regulated.	Not regulated.
UN proper shipping name	-	-	-	-	-	-
Transport hazard class(es)	-	-	-	-	-	-
Packing group	-	-	-	-	-	-
Environmental hazards	No.	No.	No.	No.	No.	No.

Special precautions for user : **Transport within user's premises:** always transport in closed containers that are upright and secure. Ensure that persons transporting the product know what to do in the event of an accident or spillage.

Turkey	: Not determined.
United States	: Not determined.
Viet Nam	: Not determined.

Section 16. Other information

Hazardous Material Information System (U.S.A.)

Caution: HMIS® ratings are based on a 0-4 rating scale, with 0 representing minimal hazards or risks, and 4 representing significant hazards or risks. Although HMIS® ratings and the associated label are not required on SDSs or products leaving a facility under 29 CFR 1910.1200, the preparer may choose to provide them. HMIS® ratings are to be used with a fully implemented HMIS® program. HMIS® is a registered trademark and service mark of the American Coatings Association, Inc.

The customer is responsible for determining the PPE code for this material. For more information on HMIS® Personal Protective Equipment (PPE) codes, consult the HMIS® Implementation Manual.
